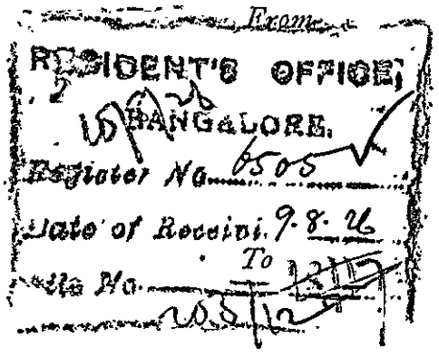
CIVIL AND MILITARY STATION, BANGALORE,
MUNICIPAL OFFICE—

DATED 6th August 1926.



T. B. RUSSELL, Esq., I.C.S.,
President, Municipal Commission,
C. & M. Station, BANGALORE.

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

SIR,

I have the honour to forward, herewith, a copy of the Commission's resolution No.5, dated the 30th July 1926, sanctioning the discontinuance of the conveyance allowance of Rs.30/- per mensem now drawn by the Superintendent in charge of the Tasker Municipal Veterinary Hospital, and to request that the Hon'ble the Resident may be pleased to confirm the Commission's resolution to take effect from the date on which it is confirmed by him. The reason for the discontinuance of the allowance is that it was granted at a time when the Veterinary Superintendent was in charge of both the Hospital and the Slaughter Houses, and was living at a distance from the Hospital whereas he is now a residential Officer provided with free quarters in the compound of the Hospital, and is not in charge of the Slaughter Houses work and does not therefore need a conveyance for the discharge of his duties.

I have the honour to be,
Sir,
Your most obedient servant,

President, M. C.

MVL.

No. 3093 Enc. 2
203-1912

From

Major K. A. G. Evans Gordon,

SECRETARY to the RESIDENT in MYSORE.

To

The Collector,
Civil and Military Station,
B a n g a l o r e.

Dated Bangalore, 5th April 1927.

Subject.

Medicines etc. required for the Veterinary Hospital.

Sir,

S.79.

In reply to your letter No. N.Dis.1390-A-27, dated the 27th March 1927, I am directed to request that indent for medicines etc. required for the Veterinary Hospital for the year 1927-28 may be prepared in the enclosed form in quadruplicate and returned to this office at a very early date. The Superintendent, Veterinary Hospital may be asked to obtain instructions for the preparation of the indent from the office of the Residency Surgeon, Bangalore. A copy of Circular No.26, dated the 5th July 1919 issued by the Surgeon General with the Government of Madras is enclosed for reference and favour of return.

S. SA 291A-1900

2. I am to communicate the Resident's sanction to purchase locally the medicines etc. required for the hospital for one month at a cost not exceeding Rs.100/- (Rupees one hundred only).

3. The charge should be met from the allotment in the Assigned Tract budget estimates for the year 1927-28 under the head "Account IV - Other expenditure heads - I - Agriculture - Veterinary - I.2- Other charges".

4. It is presumed that the entire stock of medicines at the Veterinary hospital on 31st March 1927 has been transferred to Government on 1st April 1927.

I have the honour to be,
Sir,
Your most obedient servant,

Sd. K. Evans Gordon,
Major.
SECRETARY TO THE RESIDENT.

No. 3074—95

A copy of the foregoing letter is forwarded to the Pay and Accounts Officer, Bangalore, / Audit Officer, Pay & Accounts Office, Bangalore, for information.

Serial No. 203
1912

From
The Collector,
C & M Station, Bangalore.

To

The Secretary to the Resident
in Mysore, Bangalore.

Sir,

I have the honour to state that in connection with the remittance of the daily receipts of the Veterinary Hospital it is found that the employment of a menial establishment consisting of one peon on Rs.15/- is necessary since the daily collection should pass through Treasury before the money is credited to the Imperial Bank of India and this is a daily routine work that has to be attended to and it occupies full half day. Further delivery of letters and tappals from and to the Collector's Office will have to be done also. Up till now a servant was temporarily detailed by the Health Office for this work who was with-drawn from the date of transfer of the Veterinary Hospital from the Municipal Commission. Hence I recommend that the entertainment of a peon on Rs.15/- for favour of sanction.

I have the honour to be,
Sir,
Your most obedient servant,

7.4.27.

Collector.

RESIDENT'S OFFICE
BANGALORE.
Sir, Diary No. 3322
Date of Receipt 15-4-27
Diary No. 503/12

Medicines etc., required for the veterinary Hospital.

I have the honour to send herewith an indent for medicines etc., prepared in quadriplicate for the use of the Veterinary Hospital, for the year 1927-28.

The entire stock of medicines as it stood on the 31st March 1927 has been transferred to Government on 1st April 1927. The Circular No. 26 dated the 5th July 1919 issued by the Surgeon General with the Government of Madras sent for reference is herewith returned.

I have the honour to be,
Sir,
Your most obedient servant,

12.4.27

C O L L E C T O R.

PLEASE KEEP THIS CIRCULAR BESIDE YOU WHEN YOU ARE MAKING OUT AN INDENT.

Circular No. 26.

Civil Medical Indents.

Firstly it is necessary to remind Medical Officers that the Medical Stores Depots are under the Military Department and that although Civil Institutions are permitted to indent upon them, the forms and methods of indenting and the stores stocked are not under the control of the Surgeon-General. From the Civil Department alone over 800 annual indents and over 7,500 supplementary indents were dealt with last year, and the numbers steadily increase. Every single article which enters or leaves the depot has to be accounted for on proper vouchers. Medical Officers will, I hope, realize the enormous amount of work carried out by the Stores and the necessity of relieving them of unnecessary labour. The Medical Store-Keeper has complained of a number of irregularities and of faults in indents, which have gradually crept in and are the cause of a large amount of unnecessary labour, waste of time and expense. These will be dealt with seriatim.

1. At present indents are sent in from Forest Officers, Engineering Officers, Principals of Schools, Police Officers, etc., direct to the Surgeon-General's Office. In future all such indents for *Medicines* should be sent for sanction to the District Medical and Sanitary Officer or Civil Surgeon of the District, whose duty it will be to see that the drugs demanded are suitable for dispensing by laymen and are in reasonable quantity for the establishment, or district taking into account the availability for the nearest medical institutions; for instance a school situated close to a hospital should not require any drugs at all.

2. Care should be taken to obtain and use only the printed indent and voucher Forms (C. M. F. 58, 60, 61, 61*a*., supplemental Indent D. G. I. M. S., No. 4 and I.A. F. Z. 2096 respectively) customary in the service. I.A.F.Z. 2096 for Receipt and Delivery Vouchers and manuscript forms should not be used. The countersignature of the District Medical and Sanitary Officer should be neatly entered on the lower margin of the Indent form, not written across the space required by the Medical Store Keeper and by the Controller of Military Supply Accounts for entering prices.

3. Some trouble has arisen, in the past, owing to the inclusion of obsolete drugs in the "Madras Pharmacopœia of stock mixtures." This Pharmacopœia has now been revised by a Committee of Medical Officers and is being reprinted. All Hospitals and Dispensaries will be entitled to indent for any article in this Pharmacopœia even though it be not included in the indent form.

4. The Depot Equipment List is to be revised shortly and pending that revision it has not been thought advisable to revise the Annual Indent Forms. Meanwhile all District Officers are requested to ascertain that each and every article indented for is *entered in terms of the Depot Equipment List.* In the case of Surgical Instruments, Stains, Sundries, etc., not to be found on the indent form the number in the Depot Equipment List should be quoted, so that there may be no doubt as to the article required. More than once "Scissors" or "Forceps" have been indented for without any description. The clerks in this office have received standing orders that for Scissors No. 823, Forceps No. 575, Probes No. 778 are to be passed if there is no specification. One indent included $CHCl_3$ inhaler but clerks and medical stores packers cannot be expected to know that $CHCl_3$ is chloroform. Careless slips in spelling may cause great difficulties; e.g., how can a clerk be expected to know that Tr. "Catchæ" is meant for Tr. Catechu. Similar instances are plentiful. This year almost all the indents have been personally checked by the Personal Assistant to the Surgeon-General so as to prevent reference back on these points, but it is not possible to do this in future, for the work rapidly becomes outside one

man's power. Occasionally articles not on the Depot Equipment List are available but only rarely, and only in exceptional circumstances (i.e., when drugs or instruments are very urgently required and cannot be obtained from any other source) is it of any use asking for them and full explanations of the necessity must be given. Any article not in the Depot Equipment List will usually be deleted by this office.

5. Manuscript additions in printed indents are undesirable. When such entries are necessary care should be taken to enter names of drugs in the drug section and not among the instruments and vice versa.

6. Another form of carelessness shown by indenting officers is found in indents for large quantities of dilute acids or dilute solutions of drugs such as Liq. Strychninæ. Small quantities of strong acids or strychnine hydrochloride should be indented for; it is wasteful to pay freight on large quantities of water.

7. The quantities of drugs asked for should be reasonable: one small hospital indented for 8 oz., of Cedar-wood oil, a quantity larger than is used in several years in the Pathological Laboratory at the Medical College, Madras.

8. Mere colouring and flavouring preparations such as Tr. Lavandulæ, Syrup Aurantii Corticis cannot be regarded as absolutely necessary for *charitable institutions*.

9. Full and detailed explanations of the urgency of supplementary indents should always be given; it is hard to believe that such indents need outnumber annual indents by nearly 9 to 1 but such is the case and these form strong evidence of the inadequacy of annual indents. At present many officers send in supplementary indents with no explanation whatever. The recent outbreak of influenza has frequently been used as an occasion for supplementary indents although it is impossible to trace any connexion between the outbreak and some of the drugs required, for instance sulphur ointment, glycerine, mercury ointment, etc.

10. A great deal can be done to help the work of the Medical Stores Depot by arranging for the quantities indented for being as nearly as possible multiples of the packages in which the Medical Stores *pack* drugs as specified in the Depot Equipment List. For instance Magnesium sulphate is put up in casks of 112 lb., Vaseline in 56 lb. drums, Oleum Ricini and Oleum Terebinthinæ in 2 gallons (20 lb.) tins etc., Liquor Ammoniæ Acetatis Fortis in 2 lb. bottle, Quinine Tablets and Saline Compound Tablets in bottles of 500. For all the cheaper drugs used in considerable quantity, indents should be made out after reference to the Depot Equipment List with this end in view.

11. If articles are returned to the Depot correct delivery and receipt vouchers should invariably accompany the articles. Articles sent "for Repair" and articles "Returned, no longer required" should be entered on separate sets of Delivery and Receipt Vouchers.

12. When telegraphic indents for cholera medicines, etc., are sent, the covering quadruplicate indent should be despatched through the proper channel, *on the same day*, quoting the number and date of the telegram. Chairmen of Local Fund Boards should not send such telegrams without consulting their medical officers with reference to paragraph 4.

13. All four copies of every indent should be legible and should be accurate 'true copies.' Worn out carbon paper should be avoided in preparing indents.

14. Indents for articles for medico-legal purposes, even though in certain cases they must be on separate forms, should be retained and sent with the annual indents.

15. Consolidated indents for several places should not be sent. Separate indents must be sent for *each officer* who is responsible for *receiving* the stores.

16. When India Rubber Tubing is ordered the size of tubing required must be quoted according to the sizes in the Depot Equipment List.

17. All methylated spirit issued by the Medical Stores will henceforth be suitable for use for medico-legal purposes and should be utilized for this purpose, for making all lotions and applications for external use and for burning in spirit lamps to the exclusion of rectified spirit. Indents for rectified spirit should therefore be reduced to a minimum.

18. All questions of pricing or recovery of cost of supplies should be referred direct to the Controller of Military Supply Accounts, Calcutta, quoting where necessary the number and date of the Delivery Voucher connected with the supply.

This circular has been written after repeated consultation with the Medical Store Keeper and other Officers of the Civil Department in order to lessen the amount of unnecessary work thrown on the Medical Store Keeper by the incorrect procedure of indenting Medical Officers and in order to enable the Medical Store Keeper to comply with indents promptly and without difficulty.

The special attention of all District Medical and Sanitary Officers and Civil Surgeons is called to items 4 and 13 and they are requested to instruct their clerks that every indent must be carefully checked with the Depot Equipment List before despatch. Hitherto great leniency has been displayed in this office towards indents not properly made out in this respect, many have been corrected by the staff of the Surgeon-General's Office. Work which should have been done in the District Offices has been done by the present Personal Assistant to the Surgeon-General, and in order to prevent delay, many supplementary indents submitted without explanation have been passed. In future officers must not expect such leniency nor such help.

G. G. GIFFARD, Major-General, I.M.S.,
Surgeon-General with the Government of Madras.

OFFICE OF THE SURGEON-GENERAL
WITH THE GOVERNMENT OF MADRAS,
MADRAS, 5*th July* 1919.

N.B.—**Please keep this circular beside you when you are making out an indent.**

No. 3537 Enc. 2
203-1912

From

Major K. A. G. Evans Gordon,

SECRETARY TO THE RESIDENT IN MYSORE.

To

The Director-General,

Indian Medical Service.

Dated Bangalore, 21st April *192* 7.

Subject.

Indent for Medicines required for the Veterinary Hospital.

Sir,

S. 205/291-1900.

I have the honour to invite a reference to your letter No. 148/1154/1/20, dated the 10th February 1920 and to forward, for favour of early compliance by the Madras Medical Store Depot, an indent in quadruplicate received from the Collector, Civil and Military Station, Bangalore, for the supply of medicines etc. required for the use of the Government Veterinary Hospital, Bangalore during 1927-28.

S. 78.

2. I am to enclose an extract of paragraph 2 from Memorandum No.140-A., dated the 26th January 1927 from the Government of India in the Foreign and Political Department from which it will be seen that the sanction of the Government of India has been obtained with effect from the 1st April 1927 to the transfer of control of the Veterinary Hospital from the Bangalore Municipal Commission to the Government of India.

3. The indent may kindly be treated as urgent. The cost of medicines etc. will be met as usual by book

adjustment

adjustment from the Bangalore Assigned Tract revenues.

I have the honour to be,
Sir,
Your most obedient servant,

Sd. K. Evans Gordon,

Major.

SECRETARY TO THE RESIDENT.

No. 3538

A copy of the foregoing letter is forwarded to the Collector, Civil and Military Station, Bangalore, for information, with reference to his letter No.23, dated the 11th April 1927. S.83.

Subject:- Entertainment of a peon on Rs.I5/- per mensem for the Veterinary Hospital.

Sir,

S. 82

With reference to your letter No.3336 Dated I2-4-26 203-I9I2 I have the honour to state that the additional expenditure involved in connection with the proposed entertainment of a peon on Rs.I5/- per mensem for the Veterinary Hospital I propose that the expenditure may be met from the Head "Supplies and services" Account IV other expenditure, provided in the current years Assigned Tract Budget. It may be possible to curtail the expenditure under this head. A provision will however be made in the next years budget for this item. Hence I solicit the favour of sanction for the entertainment of a peon on Rs.I5/- from Ist May I927.

I have the honour to be,

Sir,
Your most obedient servant,

Collector
